About UCI

UCI is the first public university to create an official esports program and is regarded as one of the best and most comprehensive in the world. The vision for the esports program was born in the summer of 2015.

With a successful Computer Game Science major, a thriving gaming community, and a history of elite competition, UCI is a natural place for esports to thrive.

Working with student leaders, faculty, UCI's gaming community and forward-thinking administration, the esports program was announced in the spring of 2016. On September 23, 2016, the UCI Esports Arena powered by iBUYPOWER was opened, and UCI offered scholarships to its first League of Legends teams.

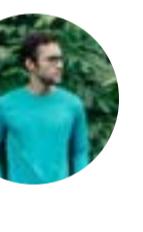

2019 Quick Stats
